This is a five minute clip of my latest one-woman musical, Passageways, for which I also wrote the book music lyrics and artwork. This is a link to view some puppetry, artwork and performance photos: <https://www.flickr.com/photos/189963350@N03/albums>

I'm a multidisciplinary artist, so my work involves dance, puppetry, theatre, poetry, full length plays, physical theater, visual art, music composition, and I love integrating these mediums to bring a story to life.
